Completion Reward (Top 3 recommended measures completed / not to exceed the cost of the Home Performance Assessment)	No	Yes	n/a	\$250	\$250

* The WPS Bonus rewards are only available to current WPS gas and electric customers. Either a Home Performance Assessment or a Rating is required to qualify for these Cash-Back Rewards. In order to receive the WPS bonus rewards qualifying customers must complete the top three recommended insulation, air sealing, and combustion safety measures within six months of the initial evaluation. Cash-Back Rewards and WPS bonus cannot exceed installed cost. (50% of the measure cost, not to exceed \$3,000 per household.)

** Homes receiving electricity and natural gas service from WPS, but heat with oil or LP, are eligible to receive "electric only" Cash-Back Rewards as stated in column one in the above table. WPS Customers who heat with more than 50% electric heat are eligible for all Cash-Back Rewards in the above table.

This Focus on Energy program is funded by Wisconsin Public Service as a result of the "decoupling" rate agreement between WPS and the Citizens Utility Board. Only WPS customers that currently receive service under this rate agreement are eligible for these enhanced program offerings. This includes most residential and small business customers; excluding large commercial, industrial and seasonal customers. WPS business customers must verify eligibility by calling their Account Executive or the Business Solutions Center at 877-444-0888.
